INDIVIDUAL RIGHTS ISP QUESTIONS

ndividual Receiving Services:	 Date:

The following questions are designed to assist the planning team in determining the needs and preferences of the individual when developing the ISP. Use the questions to start conversation about what the individual needs to do in order to be successful and self-determined throughout their lives and to help them think about their choices, decisions, and experiences that can help them build the future they desire.

	Yes/NO or NA	Details regarding the type of support needed or desired outcome:
